Dear Hiring Manager,

I am excited to apply for this position at this company. I would be honored to work as an organized freelance artist with 1+ years of experience in illustration, digital and traditional art, character design, etc. I also have 1+ years of experience in organization, attention to detail, creative thinking, art direction, and process flows.

I studied graphic design and illustration at Winthrop University in 2021. I graduated in May of 2025 with a Diploma in Design with 1+ years of experience in illustration. For example, for one of my projects, I did personal drawings for special occasions such as vintage automobiles. I also do digital art for school projects by using Adobe Creative Cloud, including Illustrator, Photoshop, Fresco, etc. I even use Google Drive to store my files in chronological order. I have the skills in art direction, collaborative approach, creative vision, and time management.

The position looks very intriguing and compelling. I believe that I will be able to contribute to the work of your company with the skills I developed in school, and the work experience I gained. My resume will give you information on how my qualifications prepared me for this job. Thank you for your time and consideration. I look forward to hearing from you soon and learning about the position during an interview.

Sincerely,

Dominic Mohr
